Env-17-26 **DIBBLE'S BRIDGE:**

Producing a booklet with the help of DS (writer and producer) which could be sold was discussed. Ideas for the trail were to have stop off points at the 5 lamps, A. A. Sculpture, Spitfire Roundabout, Airman's Statue, St Peter's Church, St Paul's and the Town Hall each with either a seat, replica bridge with names or plaque with names about the people who lost their lives in the disaster. Planting a nice tree was another idea in the Lanehouse /Acklam Road area Another idea was to commission the man who was first on the scene at the disaster, who is a sculptor by trade to design a sculpture as a memorial to the disaster. A sculpture of a Yorkshire Rose outside the Town Hall was highlighted again. This could be further enhanced by a solar lit pavement. JE to contact St Paul's for the list of names of the people on the coach.
